WELCOME TO BRIMINGTON CARE HOME

Brimington Care Home is situated in the quiet village of Brimington, on the outskirts of Chesterfield.

In purpose-built accommodation, comprising 42 bedrooms, our dedicated care team provide residential, dementia and respite care as well as intermediate care as an alternative to hospital.

Attention to detail at Brimington radiates across everything we do: from delivering first class care and spending time getting to know every one of our residents to ensuring the surroundings are always clean, comfortable and welcoming.

Our aim is to enhance the quality of life in our home wherever we can, with our extensive activities programme and routine trips to local destinations.

“The care and compassion shown towards my Mum means that although I worry about her, I know she is in the best possible place, which is a great relief to us all.”

Son of Resident

THERE IS NEVER A SHORTAGE OF THINGS TO DO AT BRIMINGTON

At Brimington, we believe in making the most of every day – that means lots of special moments, fun things to do and of course time for sitting back and relaxing. As well as marking all the usual seasonal celebrations, we enjoy regular visits from the local nursery and primary school, weekly bingo and Feelgood Friday sessions plus everything from light exercise and coffee mornings to singing and dancing.

Indoors, residents can go for a coffee or enjoy a cuppa in our fantastic bistro bar and café, while outdoors, our residents

love making the most of the sunshine and fresh air in our beautiful landscaped gardens and patio. It’s a fantastic way to spend a few hours, chatting with friends and family or simply watching the world go by.

Offering a first-class service to our residents and their families is of paramount importance to us, which is why we take such pride in the reviews and feedback we receive. We think it speaks for itself and demonstrates the extra miles gone by each of our team.

“Brilliant care and staff, everybody is really friendly and caring.”

Niece of Resident
